ultraPLAY®
A PLAYCORE Company

play solutions for early childhood and beyond...
Discover a child's potential through **PLAY**

**ultraPLAY**
A **PLAYCORE** Company

Providing the ultimate outdoor learning and play experience for children ages 6 months to 12 years old is not only our passion, it is an expertise supported through research and strategic partnerships with highly respected play scholars through our parent company, PlayCore. By integrating best practices in meeting early childhood standards, we align to help meet licensing requirements and accreditation in early childhood programs. The products in this catalog are specially designed to further enrich play in a childhood development and outdoor learning environment.

**product lines**

**earlyworks environments**
Environmentally Friendly.
The highest percentage of recycled content in any playground—averaging over 70%!

**early play**
Our designs are based on educational research developed with PlayCore partnerships and early childhood experts.

**Discovery Centers**
Quality play equipment that promotes learning and makes a positive impression on your facility.

**uPLAY TODAY**
Maximum play value encouraging children to learn, grow, and lead healthy lifestyles.
6-23 months

Under 2 play that meets licensing and accreditation requirements for early childhood.

Use indoors or outside. Durable materials withstand full-time outdoor use.

Configurable play provides fresh opportunities for new discoveries every day.

2-5 years

We build environments that encourage child development and promote best practices in outdoor play and learning.

Bringing learning outdoors. Exclusive TouchMath® learning panel promotes math concepts, available on all 2-5 structures.

5-12 years

Commercial playground solution for play spaces when residential equipment is not appropriate.

ALL ages

Loose Parts Play is ideal for use both indoors or out to promote physical activity and constructive free play, bringing curriculum to life.

Our dedication to creating environmentally friendly products began long before being green was trendy. For us, it’s never been a trend—it’s a lifestyle.

Earlyworks products lead the industry in recycled content, averaging more than 70% reclaimed material in each structure. Our decks, enclosures, and roofs are made from 100% post-consumer recycled High Density Polyethylene (HDPE) formed from milk jugs. This process has diverted more than 18 million milk jugs from landfills since 2005!

We’ve also diverted more than 1 million pounds of scrap metal from landfills since 2005 by using recycled metal to manufacture our uprights.
The earlyworks environments
difference for ages

6-23 months or 2-5 years

Two color palettes:
natural or playful

Conditioned Wood offers:
- Natural, organic look and feel
- 6” (16 cm) strong, finger-jointed uprights
- Utilizes more of the tree with less waste
- Ultra smooth finish
- Sanded surfaces and rounded edges are smooth to the touch
- EPA approved wood preservative
- Protects against termites & fungal decay
- Contains no arsenates
- Forest Stewardship Council certified wood
- Fostering sustainable forestry worldwide

Recycled Metal & Plastic offers:
- Durable 6” (16 cm) metal uprights
- Unique powder coat texture keeps surfaces cooler to the touch
- Internal connectors offer a clean design and provide maximum strength and support
- 100% post-consumer recycled plastic decks, roofs, and enclosures
- Internal reinforcement for maximum strength and no sagging
- Textured decks meet ADA requirements
- Superior slip resistance in wet or dry conditions
The makers of Early Play have little ones too, and we want only the best and most stimulating play activities to enrich the play and learning experiences of young children. Children under the age of two are growing at a rapid rate, and it is through play that they absorb the world around them. Early Play provides a variety of sensory-rich opportunities to help promote best practices and help promote early childhood development.

Early Play combines crawling and climbing with creative and fun elements of development for children under two. Children will love to play and discover with their friends while learning concepts such as cause-and-effect and gaining confidence with gross and fine motor skills. Handholds are placed throughout to provide support for new walkers and cruisers.

1. Spinning Shapes and Gears  
   Develop fine motor skills

2. Cruise Rail  
   For practicing walking and standing

3. Mirror  
   Inspires self-discovery and recognition

4. Bubble Panel  
   Facilitates teacher and peer interaction

5. Visual Wheel  
   For sensory stimulation

6. Indoor or Outdoor  
   Ideal for indoor or outdoor play areas

Permanent In-Ground Mount  
Available (sold separately)
Use indoors or out in early childhood settings:

- Meets professional early childhood play standards indoors and out.
- Durable materials are appropriate for full-time outdoor use.

Choose ComfyTuff or coated steel decks:

- ComfyTuff coated foam can be left outside, is mold/mildew resistant, and is soft for crawlers and toddlers.
- Steel decks offer the same quality as traditional playground decks. Plastic coating softens the edges and helps regulate temperature.

Excellent solution for early education centers:

- Configurable options are perfect for early childhood centers with limited space.
- All surfaces are easy to clean when used indoors or out.

Early Play complies with national commercial safety standards to help meet licensing and accreditation requirements.

What are customers saying?

"The children I work with are between 24 & 30 months. I enjoy the flexibility and variety of activities on the play area that help build their large motor skills."

— Jennifer, Memorial Hospital’s Children’s Learning Center
Discovery Centers offer a variety of standards-based developmental and educational activities that spark the imagination and inspire exploration.

- Affordable
- Easy to install
- Commercially compliant
- Superior detail and variety for hours of activity
- Increased teacher interaction

What are customers saying?

"The children love the many different activities on one piece of equipment and as a teacher I love that they are fairly close together. It makes visual supervision easier. I like that the children are able to transition from one activity to another easily."

— Mandy, Memorial Hospital's Children's Learning Center
Built To Last
Made from durable, commercial playground materials including heavy-duty galvanized steel uprights.
Attractive covers protect connections and provide a finished look.

Discovery Centers
Helps meet best practices & licensing requirements in year-round childhood program standards.

1. Gross Motor Development
A variety of opportunities for physical activity and exploration through sliding, climbing, jumping, and large motor development.

2. Music & Movement
Multiple types of music, such as the Bongos & Ramwheel, and auditory experiences encourage movement, creativity, and self-expression.

3. Dramatic Play
Open-ended play areas, like the Store Panel, encourage children to think creatively, use their imaginations, and socialize with friends.

4. Fine Motor Development
The Gear Panel, Clock Panel, and other small motor activities help develop strength, eye-hand coordination, and dexterity.

5. Multisensory Experiences
Sensory rich play experiences, like the Telescope, provide auditory, visual, or tactile feedback and help meet individual learning needs.

6. Creative Arts
The Bench Seat provides raised graphics that bring creative arts and literacy development outdoors.

7. Relating Areas
Under Roof enclosures and deck areas provide cozy spots to play independently or with peers.

Mounting Options
Surface Mount and Inground kits sold separately. See page 68 for mounting kits.
5 Reasons to buy

EASY TO INSTALL
1. Easy to Install
   No Concrete or Digging Required

2. Ships in 5 Days
   Fast Delivery to Your Site

3. IPEMA Certified
   Meets Commercial Standards

4. ADA Accessible
   Meets ADA Requirements

SAVE MONEY
5. Saves Money
   Affordable, Great for Volunteer Builds

Easy Set Up
UPlayToday™ is the commercial play solution for play spaces where residential equipment is not appropriate:
- Churches
- Apartments
- Early Childhood Centers
- Any Supervised Play Area
- Age appropriate for ages 2-5 or 5-12 years

Ground Mounting Options
No digging or concrete for an easy install

Ground Spike/Surface Mount
Included with all structures
(Not recommended for sandy or heavy soil conditions)

Anchor Bolt/Surface Mount
sold separately

Concrete/In-ground Mount
sold separately
Children 6-23 months require environments that are age appropriate and encourage them to explore their world. These structures and independent activities are specially designed to meet the needs of pre-toddlers, toddlers, and preschoolers who are building sensory, cognitive, social, communicative, and physical skills.

6-23 months

MEC-201 Tot Town
Tot Town and Tot City structures have the look of traditional post and platform structures, but are unique because they are designed to comply with the ASTM standards for children under the age of two. The roof height creates a cozy shaded spot for children.

MEC-009 Kinder Crossing
Features: Pull-up Bar, Spinning Disc, Mirror, Bubble, Tactile Bells & Sticking Shapes. Only available in recycled metal & plastic.

EC-010 Peek 'n Play
Features: Music, Mirror, and Window. Available in conditioned wood or recycled metal & plastic.

EC-017 Toddler Pull-up Bar
EC-015 Crawl through Playhouse

EC-012 Toddler Pull-up Mirror

EC-014 Wall Mount Mirror

EC-013 Freestanding Bubble Panel

EC-205 Tot City

WARNING – Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury from falls.
Crawl & Toddle featuring Coated Steel Platform

Same age-appropriate activities as the Crawl & Toddle featuring ComfyTuff, but with traditional playground deck platforms.

- Color Theme: UP133 natural | UP132 playful
- Dimensions: 5' 2"L x 5' 8"W x 2' 9"H
- Kid Capacity: 8
- Use Zone: 11' 2"x 9' 8" | 340 cm x 295 cm

*Surface Mount and Inground packages sold separately.

UP133 natural (Top View)

UP133 natural (Back View)

Cruise-a-Long featuring Coated Steel Platform

- Color Theme: UP139 natural | UP138 playful
- Dimensions: 4' 8"L x 2' 6"W x 2' 9"H
- Kid Capacity: 6
- Use Zone: 10' 6"x 8" | 320 cm x 244 cm

*Surface Mount and Inground packages sold separately.

UP137 natural (Top View)

UP137 natural (Back)

RAMPs and a PULL-UP BAR:
Young children are able to develop gross motor skills.

Outdoor play areas, designed with equipment that is age and developmentally appropriate and that is located in clearly defined spaces with non-intrusive areas where children can play alone or with a friend, accommodate motor separations such as balancing, crawling, and climbing.

NAEYC

Coated Steel - suitable for varying temperatures

*Not for installation over hard surfaces such as concrete, asphalt, or packed earth. Refer to ASTM F2373 for public and supervised surfacing and use zone requirements. ASTM F2373 is available for purchase at www.astm.com.
Crawl & Toddle featuring ComfyTuff Platform

The Crawl & Toddle, available with ComfyTuff or Coated Steel Deck, combines creative and fun elements of development for children ages 6-23 months: Cruise Rail, Spinning Shapes and Gears, Bubble Panel, Visual Wheel, three ways to climb including stairs and a ramp. Handholds are placed throughout to provide support for new walkers and cruisers.

- **Color Theme:** UP131 natural | UP130 playful
- **Dimensions:** 4'8"L x 3'6"W x 2'9"H | 142 cm x 107 cm x 84 cm
- **Kid Capacity:** 8
- **Use Zone:** 10'8" x 9'6" | 325 cm x 290 cm

*Surface Mount and In-ground packages sold separately.

Cruise-a-Long featuring ComfyTuff Platform

The Cruise-a-Long carries the same great benefits as the Crawl & Toddle; with two access points instead of three. Perfect for slightly smaller spaces.

- **Color Theme:** UP137 natural | UP136 playful
- **Dimensions:** 5'2"L x 2'1"W x 2'9"H | 157 cm x 64 cm x 84 cm
- **Kid Capacity:** 6
- **Use Zone:** 8'11" x 7'2" | 246 cm x 340 cm

*Surface Mount and In-ground packages sold separately.
Learn-a-Lot Play Station & Sensory Wall

Learn-a-Lot is perfect for use indoors or out, and provides a versatile addition to any play space. The Learn-a-Lot can be configured in a square or zig-zag, depending on preference.

4-Panel configuration

- Color Theme: UPI43 natural
- UPI42 playful
- Dimensions: 6'2"L x 6'7"W x 11'H
- 188 cm x 201 cm x 61 cm
- Kid Capacity: 16
- Use Zone: 12'9"x 12'9" | 389 cm x 389 cm

*Surface Mount and Inground packages sold separately.

Easy configuration

Versatile in design, Learn-a-Lot is easily reconfigurable to meet facility needs and to provide variety for users.

2-Panel configuration

- Color Theme: UPI50 natural (2 Green panels)
- UPI49 playful (2 Yellow panels)
- Dimensions: 6'2"L x 6'2"W x 11'H
- 188 cm x 188 cm x 61 cm
- Kid Capacity: 12
- Use Zone: 12'6"x 12'6" | 381 cm x 381 cm

*Surface Mount and Inground packages sold separately.

NAEYC Certification Number 7-206

CHIMES & MUSIC WHEEL:

Children explore music and movement while creatively expressing themselves. Children are provided many and varied open-ended opportunities and materials to express themselves creatively through music.

*Not for installation over hard surfaces such as concrete, asphalt, or packed earth. Refer to ASTM F2373 for public and supervised surfacing and use zone requirements. ASTM F2373 is available for purchase at www.astm.org.
The Big Outdoors

The Big Outdoors allows young tots to recognize familiar objects from their own backyard. With recycled deck slats for flooring the Big Outdoors provides a unique venue for exploration.

Colors (as shown): UP146 playful
Dimensions: 6'9"L x 3'4"W x 2'3"H
206 cm x 102 cm x 69 cm
Kid Capacity: 16
Use Zone: 9'4" x 12'9" | 284 cm x 389 cm

*Surface Mount and Inground packages sold separately.

Developmental Benefits Include:
- Object Recognition
- Expressive/Receptive Language Skills
- Cause-and-Effect
- Fine Motor Skills
- Gross Motor Skills
- Dramatic Play

SPINNING GAME:
Children utilize fine motor skills as they spin multiple gears. Inflatable and tabletop toys are provided for additional opportunities and materials to uncover that they can make things happen and solve simple problems.

Not for installation over hard surfaces such as concrete, asphalt, or packed earth. Refer to ASTM F2353 for public and supervised surfaces and use zone requirements. ASTM F2353 is available for purchase at www.astm.com.

Meets ASTM F2353 standards and CPSC standards for ages 6-23 months.
Discovery Center Seedling

Ages: 6-23 months

Activities: 8
Kid Capacity: 8-10
Fall Hit: 110" | 38 cm

Unit Weight (w/o roof):
- 366 lbs.
- 448 lbs. w/ roof

M59-031 Flag Topper
Install as an independent activity or adjacent to your structure.

66508 Tugboat
Our authentic-looking Tugboat, complete with roto-molded smoke stack, includes an upper deck accessible via a handrail staircase. Plenty of seating and crawl spaces encourage social interaction, and a hands-on moving steering wheel, rudder, and other components give children the sensation of being the "Captain of the Ship."

66506 Sailboat Sandbox
Multiple seating areas surround this distinctive sailboat-inspired sandbox, inviting kids to socialize as they hunt for buried treasure.

66572 Pirate's Ship
Welcome aboard this themed Pirate's Ship play center! This whimsical structure includes loads of marine activities; a slide, moveable fish mazes and ships wheel, pirate's flag, and a large seating area for socializing and make-believe.

## MATH & COUNTING

**MEC-046 TouchMath Panel**

The TouchMath Panel is an interactive outdoor play event created in partnership with Innovative Learning Concepts Inc. to bring learning outside to the playground!

Each TouchMath Panel comes with:
- Training Manual and DVD
- Classroom Sampler and Activity Panel Poster
- TouchMath Activity Panel Manual

For more information, please visit [www.touchmath.com/playcore](http://www.touchmath.com/playcore).

### MATH & COUNTING:

Reinforce the understanding of basic mathematical concepts such as numbers, counting, time, and problem solving in new and exciting ways.

Children are provided varied opportunities and materials to build an understanding of numbers, number names, and their relationship to object quantities and to symbols.

NAEYC

Coding Number: 7.10

Music & Movement:
Children explore music and movement while creatively expressing themselves.
Children are provided many and varied open-ended opportunities and materials to express themselves creatively through music.

EC-031 Rainwheel

Attaches to any wood or metal structure. Upright not included.

MEC-032 Chime Panel

Young musicians are able to play real songs on the Xylophone, which is tuned to provide a full octave of fun in the key of “C”.

MEC-007 Rockin’ Drum

2-5 years
**Literacy & Language**

**NAEYC Certification**

These panels teach key concepts such as shape recognition, numbers, and colors. Children are provided with opportunities to categorize materials by one or two attributes such as shape, size, and color.

**EC-045 Object Recognition Panel**
Teaches children basic recognition skills as they try to match objects in the everyday world to standard shapes.

**EC-042 Shapes Panel**
For multisensory learning, this panel offers movable cylinders with shapes, colors, and favorite objects. Shapes include: circle, diamond, rectangle, square, triangle, oval, arrow, star, and octagon.

All products shown are appropriate for Ages 2-5.

**MEC-004 Find 'n Seek**
This interactive game promotes cooperation, sensory stimulation, and shape recognition, while linking with classroom learning. Children seek out tabs located throughout the play environment, matching those on the spinner face. Caregivers will find it easy to relocate the tabs, providing endless possibilities. Tabs include: cat, dog, apple, duck, tree, and tulip.
**SENSORY-MOTOR**

Offer sensory-rich opportunities through spinning, rocking, swinging, and sliding components that develop motor planning and provide vestibular movement.

Children have varied opportunities and are provided equipment to engage in large motor experiences that stimulate a variety of skills, enhance sensory-motor integration and develop controlled movement (balance, strength, coordination).

As this playground was going in, I knew it would be special! I loved that it is different than what is mass produced. As parents toured my new center during pre-enrollment open houses - the playground was a shining jewel. The children literally ran toward what would be their new outdoor learning environment! There are choices, choices, and more choices...from the bubble viewer where two children can have a cozy exchange, to the large welcoming sandbox where a group can go on an architectural dig. I will be a repeat customer time and time again.

April Pugliese, President, SmartEarly Learning Centers, North Branford, CT
Swings provide sensory and vestibular development. Choose infant seats for young children or belt seats for youths. Our swings are uniquely designed with 6" upright posts to coordinate with BigToys playground equipment and provide extra stability.

Since children come in all shapes and sizes, the Made-for-Me accessible swing seat was designed in two sizes, small (2-5 yr) and large (5-12 yr).

What is snug play?

Snug Play is a new approach to play spaces that allows children of all ages to play to their own ability. With no right or wrong way to play, children can create a dynamic play space that stimulates spontaneous play and cooperation as they create endless configurations. Requiring no installation, the Snug Play elements combine soft and rigid surfaces for a tactile play experience that can be used indoors or outside. Ask your sales representative about short videos showing children and Snug Play in action!

Mini System

An entry level kit for a smaller number of children.

- Kid Capacity: 10-20
- Space Required: 12"x12" | 144 sq. ft. 366cmx366cm
- Weight: 266 lbs.

*Averages based on typical play space.

Play systems powered by a child’s imagination.

Starter System
Ideal for larger class sizes wanting more creative play pieces, this is the smallest kit offering our Loop Ring!

- Kid Capacity: 30-40
- Space Required: 25’x25’ | 625 sq. ft. | 762 cm x 762 cm
- Weight: 644 lbs.

Max System
Accommodates a large number of children with a variety of different play elements.

- Kid Capacity: 40-60
- Space Required: 35’x35’ | 1,255 sq. ft. | 1067 cm x 1067 cm
- Weight: 978 lbs.

Ultimate System
Our largest system contains architectural elements, such as the loop and mound, to offer the most opportunities for creative play.

- Kid Capacity: 60-80
- Space Required: 40’x40’ | 1,600 sq. ft. | 1219 cm x 1219 cm
- Weight: 1,637 lbs.

snug play
snug play

snug play

Snug play competes children to be more active and more creative than with any other type of play equipment. Cooperation and communication are uniquely required as they use their imagination together.

Once you have purchased a snug Play system, additional elements can be purchased as needed.
**the mound combo**

The Mound dramatically transforms your play area’s landscape and topography to inspire creative play, allowing children to create and experience various levels of terrain. They are only limited by their own imaginations!

- **the standard mound**: Our most popular combo. Jump it. Climb it. Walk it.
- **mini mound**: Great for early childhood areas.

- **the standard+ plus**: Provides additional surface area for creative play.
- **the mini+ plus**: Our mid-size system offers lots of possibilities.

- **the standard+ extended**: Our largest system with endless combinations.

**the loop combos**

The Loop can be reconfigured by children using hook-and-loop fastening straps. Metal plates and bolts are also included for utilizing the Loop as a fixed structure.

- **the loop ring**: Consisting of 6 pieces, the Loop Ring is great for games, balancing and socializing.
- **the compact loop**: Allows for creativity, games, and changing landscapes. Consists of 9 pieces.
- **the full loop**: Our largest and most popular combo. 18 pieces allow children to create a unique and changeable landscape through cooperation.

Safety Surfacing Solutions

Poured In Place
Utilizing recycled products, SurfaceSure's Poured Rubber Surfacing offers a range of superior surfaces designed to fit any budget. These two-layered unitary products are impact absorbing, providing resilient non-skid surfaces that are an excellent choice for accessibility. The surface layer may be specified as one or a combination of colors, encouraging graphic designs that can range from custom logos to simple games like tic-tac-toe and hopscotch, along with unique sound options. These graphics can be utilized to enhance ground level play on every playground, thus increasing play value.

Interlocking & Standard Tiles
We offer Interlocking Tiles and Standard Tiles (individually glued to subbase) to meet your site-specific needs. SurfaceSure Tiles are available in various thicknesses to provide the appropriate amount of impact attenuation for the fall height of your structure or play event. Tile surfacing allows for easy replacement of small areas of surfacing. Premium multicolored tiles, custom edging options and ADA accessible ramp tiles are also available.

Engineered Wood Fiber
SurfaceSure Engineered Wood Fiber is specifically designed and engineered per the ASTM standard for impact attenuation on playground surfaces. Use Wear Mats and Border Timbers, and periodic maintenance including adding fiber is needed to maintain the required depth. When compacted, SurfaceSure Engineered Wood Fiber meets the ASTM standard specification for determination of accessibility of surface systems for playgrounds.

Border Timbers
- Retain loose fill safety surfacing
- Easy to install
- Includes one spike each
- Made with 100% recycled materials

Curb/Ramp Adapter
- Required for use with Access Ramp when using 12" (30cm) high Border Timbers
- Must use a left and right hand adapter
- Also used for transition between 8" (20cm) and 12" (30cm) curbs
- Recycled Black

MEC-003 Caregiver Bench
100% recycled plastic lumber slats with a powder coated black steel frame.
- 5" x 19" (127 cm x 53 cm)
Complete your early childhood environment with **ultrasite**

- Hip Rectangle with Green frame and Rain Forest Green fabric

ASTM standards recommend shade for early childhood play areas. By integrating shade over the play space, children are offered protection from the sun and harmful UV rays. With options of both standard shapes and custom-designed structures, your early childhood specialist will guide you through a simplified process of providing the appropriate shade that protects your recreation investment and your youngest constituents.

**Design Features:**
1. All steel tubing and bolts meet or exceed ASTM Standards
2. Framework is engineered to withstand wind gusts up to 90 mph with fabric and up to 150 mph with fabric removed
3. Structures are free of sharp edges and corners
4. Galvanized aircraft-quality cable resists rust

Create an outdoor classroom with high-quality **Shelter**!

These commercial-grade outdoor shelters provide shade and comfort for outdoor classrooms, picnic pavilions, and other areas requiring shelter from the sun and rain.
Be confident in your investment

As a premier provider of play and recreation equipment, we have made a significant investment to ensure that your playground meets all safety standards and provides developmentally appropriate activities for children of all abilities.

Standards & Organizations

Here are just a few of the standards & organizations that guide our design and manufacturing processes.

The ISO 14001 designation certifies that our manufacturing facility is environmentally responsible and that we strive to reduce our carbon footprint every day.*

ISO 9001 industry certification provides a quality management system that sets quality control measures and processes for design, development, production, installation, inspection, and testing.*

ASTM International All of our products are tested to either meet or exceed ASTM standards, the globally recognized leader in the development and delivery of international standards designed to improve product quality, enhance safety, facilitate market access and trade, and build consumer confidence.

We believe everyone should have access to play. Look for products with this icon that meet the Americans with Disabilities Act guidelines.

The International Playground Equipment Manufacturers Association (IPEMA) provides 3rd party product testing and validates compliance by publicly posting product validation certificates on their website. To verify product certification, visit www.ipema.org.

Play solutions for early childhood and beyond...

Playgrounds provide a great way for children to exercise, socialize, and learn new skills. Why not enhance this area with site furnishings, shade, and safety surfacing so that everyone in the community can enjoy the space?

Let us show you how ultraPLAY can be your One Stop Recreation Solution.
